IPAD PROGRAM

MSC has been actively increasing the role of technology in our teaching in recent years, adopting new online systems and an iPad 1:1 program in years 7-9 to increase student access to technology and digital resources.

The iPad is supplied to the student for educational purposes. Students are responsible for all information and content on the device which needs to comply with the Acceptable User Agreement Guidelines.

The school appreciates family curriculum contributions towards our iPad program. This contribution will support the program to run and develop students' digital literacy skills. Parents/Carers will be invited to make a yearly curriculum contribution of \$120. This yearly curriculum contribution is invited for each of the three years of the iPad program.

At the end of the three year agreement, students who have contributed \$120 annually, will have the device released from the school system for the student to retain and use at their leisure.

Earphones compatible with iPad Wi-Fi 32GB 6th Generation to be Supplied by the student.
